

**IN THE DRAWINGS**

The following amendments to the original drawings of original patent No. US5,917,679 are proposed:

In Figure 4, reference numerals 135, 190 and 192 are added;

In Figure 5, reference numerals 135 190 and 192 are added and lead line extended from reference numeral 121 beyond the vertical line is deleted, and four lines touching the right hand vertical line are deleted;

In Figure 6, two figures are now separately labeled as Figure 6A and 6B, and reference numerals 100, 130, 150, 190, 192 are added, four lines in each figure which are touching the bottom line of the figures are deleted;

In Figure 7, reference numerals 190 and 192 are added, reference numeral 121 changed to 120, and a line appearing in element 100 is deleted;

In Figure 8, reference numerals 190 and 192 are added;

In Figure 9, reference numerals 190 and 192 are added;

In Figure 10, reference numerals 182, 190 and 192 are added, and a line appearing in element 182 is deleted;

In Figure 11, reference numerals 182, 190 and 192 are added, a line appearing in element 182 is deleted, and the gap appearing near reference numeral 133 is closed; and

In Figure 12, reference numerals 190 and 192 are added.

A marked-up copy (Annotated Marked-up Drawings) is attached.

Entry of the amendments to the drawings and f the accompanying corrected formal drawings, and confirmation of the entry in writing in the next Office communication are respectfully requested.
